**HOW**  
Helping Our Women

In honor of Joy McNulty's unwavering dedication to Helping Our Women (HOW) and the Outer Cape community, we are proud to announce the establishment of **The Joy McNulty Memorial Fund**.

As a longtime board member and Treasurer from 2009 to 2020, Joy's leadership and financial stewardship played a pivotal role in the organization's sustainability and growth. This unrestricted fund will empower HOW's leadership to remain responsive to the needs of the women we serve, ensuring that Joy's legacy of generosity, problem-solving, and community support endures.

Joy's impact on HOW and the broader Provincetown community was immeasurable. As the owner of the beloved Lobster Pot, she was a recognized leader who always sought ways to support others. During her tenure on the HOW Board, the organization's financial standing grew exponentially, providing the foundation for continued expansion and service. Joy was also the recipient of HOW's Betty Villari Community Service Award in 2020, a testament to her spirit of kindness and unwavering dedication to helping others. Whether hosting fundraisers, opening her home for community gatherings, or advocating for HOW's mission, Joy was a true champion of service and community.

By contributing to **The Joy McNulty Memorial Fund**, donors provide essential resources that allow HOW to maintain flexibility in how to respond to the immediate needs of our clients and sustain vital services for women living with chronic or serious health conditions. Your support ensures that Joy's extraordinary commitment to community and compassion continues to make a difference, helping HOW remain a steadfast source of care and empowerment for the women of Outer Cape Cod.

IN LOVING MEMORY

## JOY'S FUND SUPPORTS THESE TYPES OF PROGRAMS & SERVICES
